Innovation Management, Change Management and Digital Transformation

CONIPRO in a nutshell

Experienced Interim Manager with drive and tactfulness. I am a **change driver** and **innovation enabler** ready to empower **international B2B companies** from various industries to execute innovation and change.

As a **strategic and empathic leader** I am ready to build up innovation-eco-systems, create visions, coordinate projects, implement innovation platforms and empower employees to unlock their innovation potentials.

With me you get someone who is familiar working together with **interdisciplinary** and **cross-functional teams** in a reliable partnership. As an Interim Manager I act as a bridge builder between various stakeholder and generations. With my positive attitude and **professional stakeholder management** I am able to empower organizations to overcome resistance and make innovation happen.
